Johns Hopkins Health System employs more than 20,000 people annually. Upon joining Johns Hopkins Health System, you become part of a diverse organization dedicated to its patients, their families, and the community we serve, as well as to our employees. Career opportunities are available in academic and community hospital settings, home care services, physician practices, international affiliate locations and in the health insurance industry. If you share in our vision, mission and values and also have exceptional customer service and technical skills, we invite you to join those who are leaders and innovators in the healthcare field.

Grand Oaks is a beautiful Assisted Living community nestled in the tree-lined streets of Northwest Washington, D.C. on the campus of Sibley Memorial Hospital. The building is a Georgian style residence with spacious apartments and variety of services to help every resident from independent living through memory care for those living with memory disorders and Alzheimer’s disease. Grand Oaks offers its employees a competitive compensation package including health, dental, vision, paid leave, free on-site parking and much more.

The Care Manager is responsible for providing the highest degree of quality care and services to a consistent group of residents and their families in our assisted living and memory neighborhoods. This Care Manager role includes providing hands on care, physical, and emotional support as outlined in each resident’s Individualized Service Plan (ISP) while maintaining a safe and comfortable home like environment. The Care Manager is responsible for demonstrating the Mission for Grand Oaks in accordance with
